When using extra player(s) in the pennant finals, fill in the scorecard BEFORE the match starts and make your opposition aware of your intention of using extra player(s). Play your sets in proper order to avoid confusion. PLEASE NOTE: If the players play in the incorrect position, your team will lose the associated sets - and perhaps the match.

- The basic rules for the **Pennant** format are:

3 players in the team

- No. 1 player plays 2 sets, excluding the doubles set
- No. 2 player plays 2 sets, excluding the first singles set (2 vs 2)
- No. 3 player plays 2 sets that are mentioned above

For example, if one team uses an extra player, the sets played would be as follows:

No. 1 player vs No. 1 player

No. 3 player vs No. 2 player

No. 1 player vs No. 2 player

No. 2 player vs No. 1 player

No. 2 player & **No. 3 player** vs No. 1 player & No. 2 player

Another example, if both teams use an extra player, the sets played would be as follows:

No. 1 player vs No. 1 player

No. 3 player vs **No. 3 player**

No. 1 player vs No. 2 player

No. 2 player vs No. 1 player

No. 2 player & **No. 3 player** vs No. 2 player & **No. 3 player**
